MEMORANDUM FOR THE RECORD

Morning Meeting of 1 August 1967

ADD/I reported that he informed the DDCI of the status of the GLASS LAMP program. There was no reaction to Monday's flight. Two more are scheduled for this week, weather permitting. In the last fifty-six days, 76 percent coverage has been obtained. The new camera will be ready to go about 5 August.

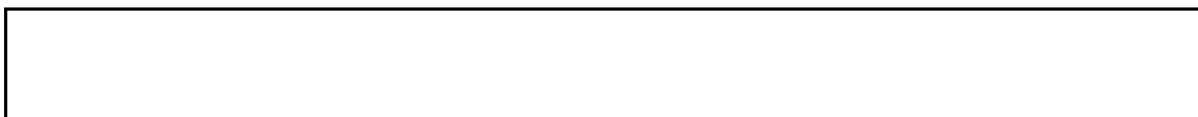

Godfrey called attention to a State cable from Hong Kong which in his opinion gives too sanguine a view of the internal Chinese situation.

Godfrey noted that the arrival of the additional Soviet ships in the Mediterranean was again postponed.

Kent reported that so far there is only one footnote, from State, on the Estimates before USIB this week.

DD/S said that he had scheduled a showing of the CBS special report on the Middle East war for 1030 Friday in Room 1E78 and for 1200 in the auditorium on 7, 8, 9, and 10 August.

Warner felt that Senators Russell and Jackson should be alerted to the anticipated release from the Joint Committee. The Director agreed.
